KAGAMI TAKAYA-SENSEI'S "WHAT IF"... 的假想…

WHAT IF GUREN & CO LIVED IN THE PRESENT DAY AS SALARY MEN

次元秘声漢化组

KAGAMI TAKAYA-SENSEI'S COMMENT:

Looking at the picture spontaneously sets the scene. Guren and Shinya have been rivals since they attended a famous elevator school together. They went to the same top-notch university, and found employment at the same big electronics company. At approximately the same time the two of them were promoted as the youngest management, and now they're both competing to see who can raise the best subordinates.

WHAT IF YUUICHIRO & CO WERE ABLE TO BE NORMAL HIGH SCHOOL STUDENTS

汉化翻译组

YAMATO YAMAMOTO-SENSEI'S COMMENT:

I wanted to draw what Akane would look like in a school uniform, so it turned out into something like this. If I had time, I would've liked to have drawn Mitsuba in a school uniform too since she hasn't been seen in one. It's also been fun to think about what other characters would look like in normal clothing.

WHAT IF YUICHIRO AND MIKAELA & CO BECAME MANGA ARTISTS

DAISUKE FURUYA-SENSEI'S COMMENT:

Many thanks to Yamamoto-san! it gives the feeling that Yuu draws the pictures and Mika is the original work's creator Additionally, Shinoa would be the responsible editor, Kimizuki, Yoichi and Mitsuba as assistants? Fend is the suspicious rival manga artist. Krul would be the neighbouring elementary school student that likes manga(LOL).
